Brad

Hi...I will be calling you this morning, I hope I can catch you to finish our conversation.

Could you contact your local counterpart in Benin and ask them to contact these companies to get price quotations for plastic receptacles similar to ones in the pictures (both are made in Ghana). I found this listing on google: benin yellow pages

<http://www.beniphonebook.com/en/industry/chemical-industry-plastic/>

Peace
ron

Ps.. I have written to our counterpart Ghana for him to share the whole sale prices that he get the receptacles and tops for.
